

SPRINGFIELD ROCK, GEM & MINERAL SHOW

OCT
22 & 23
2022

The Ozarks Gem & Mineral Society, Inc was founded in 1957 for the purpose of studying and promoting an interest in earth science, geology, paleontology, and mineralogy; studying lapidary and jewelry-making art; conducting education, supporting youth activities, and encouraging interest in earth science.

For over 50 years, our club has put on a fall Rock, Gem & Mineral Show, consisting of vendors and exhibits which further our club mandate. Our club is a state & federal non-profit organization and this is our major fundraiser each year.

The Midwest Federation Of Mineralogical and Geological Societies is a member of the American Federation of Mineralogical Societies. It was organized in 1940, and one of the original four founders of the AFMS in 1947. It encompasses a region of 12 states and has about 109 different clubs.

The MWF's purpose is to promote interest and education in geology, mineralogy, paleontology, archaeology and lapidary, and to sponsor and provide means of coordinating the work and efforts of groups interested in these fields.
